Note: The order in which the classes are scheduled is not imposed. However, we suggest that the Preliminary Test be scheduled first so the younger riders can watch the senior riders perform which would be beneficial for them. In any case, a progression through the levels is preferable.

ARTICLE 2 - PARTICIPATION

- 2.1 The FEI World Dressage Challenge Competition is open to National Federations, which in the opinion of the FEI, are still in the ongoing progression of Dressage Development.
- 2.2 The Participation Form must be submitted to the FEI before **the 15th September (Group 3 and Group 10) and the 1st December (other Groups)** of the year previous to that in which the Challenge will take place (all forms should be submitted to celine.kunz@fei.org and can be downloaded from the website <http://www.fei.org/events/series-and-finals/fei-world-dressage-challenge/downloads>)
- 2.3 The Competition is open to the following age groups from the 1st January of the year in which they reach their 16th or 12th birthday:

FEI Prix St-Georges	-	16 yrs of age and above
FEI Challenge Advanced Test	-	16 yrs of age and above
FEI Challenge Medium Test	-	16 yrs of age and above
FEI Challenge Elementary Test	-	12 yrs of age and above
FEI Challenge Preliminary Test	-	12 yrs of age and above

For the Elementary and Preliminary Tests, two rankings will be produced; one for adults (16 years of age and above – riders born in 1997 or before) and one for children (12 to 15 years – riders born from 1998 to 2001)

- 2.4 Whilst FEI Registration for 2013 is not mandatory, it is highly recommended for both horses and riders. Registration for riders under 18 is free of charge.
- 2.5 The Competition is open to competitors domiciled abroad. 'Competitor Living Abroad' (Ref. Art 119.6 of the FEI GR) – A competitor is considered to be living abroad if he spends more than six months of a year in a foreign country (in this case, the host country). **These riders may be members of their host country's team.**
- 2.6 Competitors from another Challenge NF may compete under the condition of Art. 101 of the FEI General Regulations, i.e. Individual foreign competitors, other than 'Competitors Living Abroad' (art. 119.6 FEI GR), may take part in the Challenge provided they have obtained written permission from their own NF and from the NF of the OC concerned. Permission must state the exact period for which it has been granted. **They cannot be a member of the host country's team.**

For riders from a 'non-Challenge' NF; they may compete within a Host Nation's Challenge if the quota of 40 places is not reached. Permission must be granted from the Host National Federation and the Rider's own Federation. Their results will be taken into account for classification under the rider's own National Federation. **They cannot be a member of the host country's team.**

- 2.7 The Challenge Competition is open to all horses and ponies of any origin provided they have successfully passed the Veterinary Inspection. From this point forth, both horses and ponies will be referred to as 'horses'.

Horses may compete if they are a minimum of:

- 5 years of age for "Adults" Preliminary and Elementary
- 6 years of age for "Children" Preliminary and Elementary
- 6 years of age for Medium and Advanced.
- 7 years of age for PSG.

The age is counted from 1st January of the year of birth in the Northern hemisphere and 1st August for Southern Hemisphere.

- 2.8 The FEI World Dressage Challenge competition **must take precedence over any other competition organised in its framework** and, if applicable, horses entered should not take part in another national competition organised in the framework of the Challenge.
- 2.9 Any **Rider/Horse combination** that has competed at any FEI Events (**CDIs, Regional Games and/or Senior Regional Championships**) in tests higher than Prix St-Georges is not permitted to participate in any of the Challenge classes. This only applies to Rider/Horse **combinations**, therefore a rider can compete using another horse and a horse can be ridden by another rider (refer to 2.12).
- 2.10 Any **rider or horse** that has participated in an Olympic Games, an FEI World Equestrian Games and/or Senior European Championships is no longer eligible to compete in the Challenge.
- 2.11 It is the responsibility of the National Federation to select the participants (horses/riders) for this Competition in strict accordance with the participation rules above and make sure that riders and horses comply with these rules.
- 2.12 **A rider or horse is allowed to start maximum twice in the Challenge classes, as below:**

Starting possibilities:

i. Rider/horse combination:

A rider/horse combination is allowed to start in two different classes but with no more than one level difference, i.e.: Preliminary-Elementary, Elementary-Medium, Medium-Advanced or Advanced-PSG.

ii. Rider:

A rider is allowed to start twice:

- in the same class but with two different horses
- in two different classes but with two different horses.

iii. Horse:

A horse is allowed to start twice, i.e.:

- Once in Medium, Advanced or PSG and once in the Preliminary or Elementary class.
- Twice in the Preliminary or the Elementary class.

A horse can only be ridden once in each of the following classes: Medium, Advanced or PSG.

- 2.13 NFs have the choice to either enter all riders into one class or to divide them among all five levels (which is strongly recommended). NFs are completely free in their choice. However, the **minimum (10) and maximum number (40)** of competitors overall must be respected.

2.14 Clarification regarding Team Horse & Rider's Participation :

If a horse and a rider have been selected for the Team, the test in which they have been selected must be their first performance.

As a combination can now ride 2 tests, and a horse 2 tests, it must be made clear that it **is not allowed to use a round as a 'warm up'** before competing in the test for which they have been selected to represent the Team.

Eg. 1 A horse and rider have been selected to represent the Team in the Medium Level. They are not allowed to ride the Elementary test prior to their Medium Test. As they have been selected at Medium Level, the Medium Test must be executed first

Eg. 2 A horse is being ridden by two riders, one of which has been selected for the

Team. The rider that has been selected for the Team must ride before the rider not in the Team.

ARTICLE 4 - CLINIC

- 3.1 The Ground Jury is not only responsible for judging but also for conducting a **Clinic** i.e. the **10 best-placed adults** (according to their results in percentages) **and the 4 best children** (according to their results in percentages) will receive a training session based on their performance in the competition. The time devoted to each rider is 45 minutes (see Guidelines for the Clinic) or at the discretion of the Judge/Trainer.
- 3.2 A rider or horse can only participate once. If there is no or less than 4 riders in the 12-15 yrs old age group, the vacant places may be taken by seniors up to the number of **14**.

ARTICLE 4 - GROUND JURY

- 4.1 The Competition within the Zone is judged by the same Ground Jury, consisting of the same two FEI Dressage Judges appointed by the FEI, who travel from country to country until their tour is completed and all competitions and clinics have taken place.
- 4.2 As an exception to Art. 437.1, only two Judges will judge the Competition. The classes will be judged individually with the President placed along the short side of the arena at "C" (see Art. 429.6) and the Member at "E".
- 4.3 After each competition in the respective countries, the President of the Ground Jury is responsible for establishing a running record as to the results and placing of the individual competitors within the Zone. This running record must be sent to the FEI immediately following the last competition.
- 4.4 According to Art. 2 of Codex for FEI Dressage, a judge must avoid any actual or perceived conflict of interest. A judge must have a neutral, independent and fair position towards riders, owners, trainers, organizers and other officials and integrate well into a team. Financial and/or personal interest must never influence or be perceived to influence his/her way of judging.

Activities which will lead to or may lead to a "conflict of interest" when officiating at an FEI WCHA-D event, include but are not limited to:

- Training a horse/rider for more than **three** days in the **four** month period prior to an FEI WCHA-D event or any training of a horse/rider during a period of **two** months before an FEI WCHA-D event.
- Acting as Team Chef of National teams at international level or being responsible/co-responsible for selecting teams and/or individuals or training riders within the NF.
- To be owner/part-owner of horses taking part in the event.
- Being in a situation of financial dependence or gaining financial profit from owners, riders, trainers, organizers or other related organizations.
- Having a close personal relationship with a competitor.
- Nationalistic judging.

A judge has the responsibility to notify the FEI of any of the above or other possible conflicts of interest or situations that may be perceived as such.

All half marks from 0.5-9.5 may also be used both for movements and collective marks,

at the discretion of the Judges.

ARTICLE 7- THE CLASSIFICATION

- 7.1 Seven separate ranking lists (one for each level in the 16 yrs and above age group and one for each level in the 12 to 15 yrs age group) will be established and will count towards the final classification.

- 7.2 **The Individual Classification** in each country of the Zone is decided as follows: the winner is the competitor having the highest total points converted into percentage, the second the one with the next highest total and so on. **In case of equality of points** for the first, second and/or third places **in a country**, the higher collective marks will be decisive for the placing. If a further tie exists, the higher collective marks for the rider (No 4. Rider's position and seat. See test sheet) will be decisive.

In case of equality of points for places other than the first three, the competitors concerned are given the same rank.

In case of equality of points for the first, second and/or third places **in a Zone**, the higher collective marks will decide for the placing. If a further tie exists, the higher collective marks for the rider (No 4: Rider's position and seat see test sheet) will be decisive.

- 7.3 The **Team Classification** in each country is calculated as follows:

It is of no importance whether all Team members participate in the same level or whether they compete in different levels. However, a rider and a horse can only be nominated once for the Team Classification.

Once nominated, the names of the Team members cannot be changed.

The Team members (riders and horses) must be declared to the President of the Ground Jury using the official 'Team Declaration' form, found within the 2013 Working Documents.

The Team members' ultimate results, expressed in percentages, will be added. The results achieved by the three best Team riders will count for the Team Classification.

In case of equality of points for the first, second and/or third places **in a Zone**, the Team whose third placed rider achieved the higher percentage will be placed first.

7.4 When equality of points for the first, second and/or third places (Individuals/Teams country/group), FEI Judges are asked to give full details to the FEI.
